ISC2 East Bay Chapter,
March 8th Conference
Hosted by Zeiss

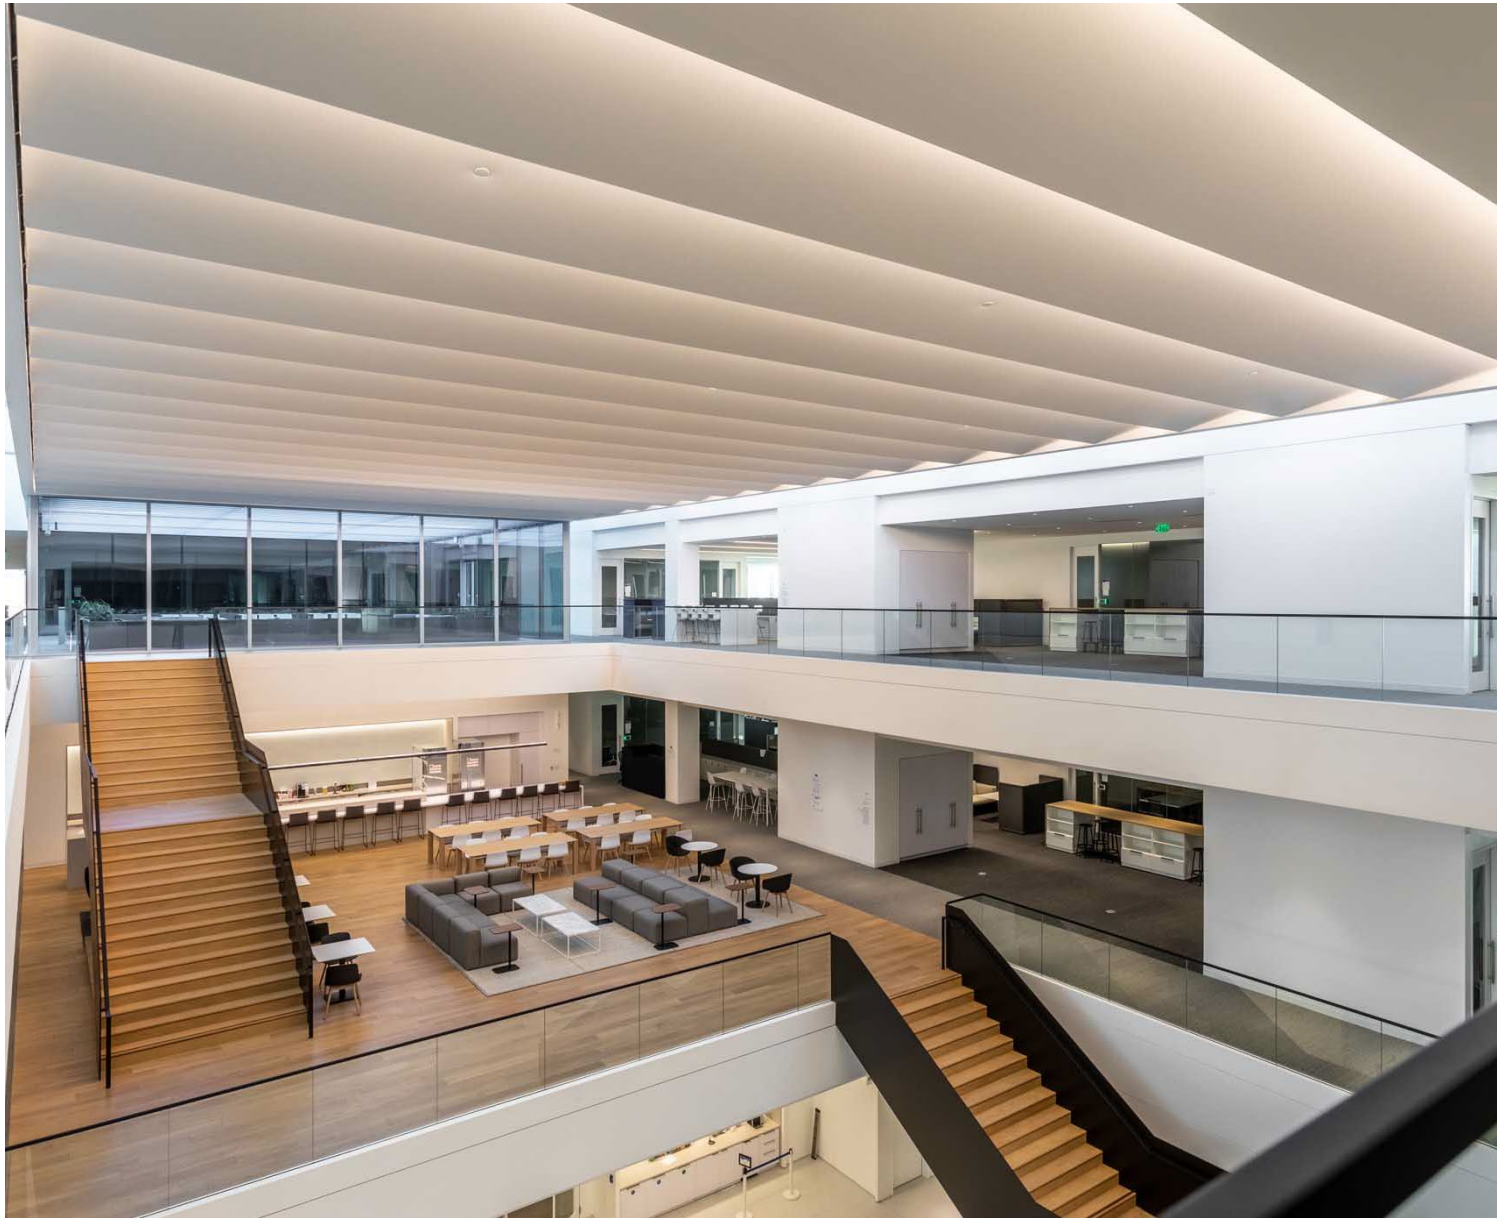

Cyber in
Healthtech

2024

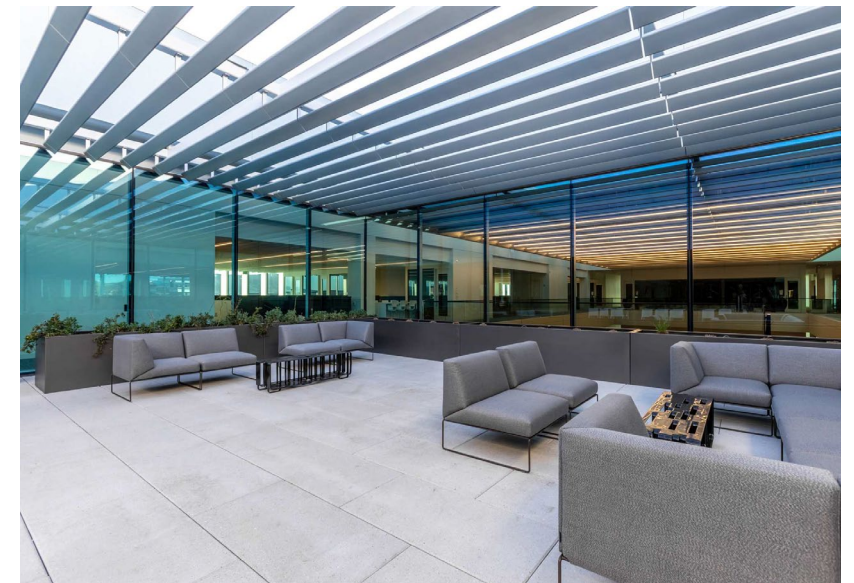

The logo for the ISC2 East Bay Chapter is a large circular emblem. It features a white center with the text "ISC2" in a large, bold, black sans-serif font, followed by a small "TM" trademark symbol. Below "ISC2" is the text "East Bay Chapter" in a smaller, black sans-serif font. The white center is surrounded by a thick blue ring, which is further enclosed by a thick green ring. The background of the entire graphic is a dark green with various light green and white icons related to technology, healthcare, and security, such as a hand holding a device, a network diagram, and a globe.

ISC2TM
East Bay Chapter

Connect | Educate | Inspire | Secure

Zeiss – enabling an intimate gathering for leaders in Cybersecurity for Healthtech

Las Positas Campus – Enormous Opportunities – June – July- August and next November’s GRC Conference

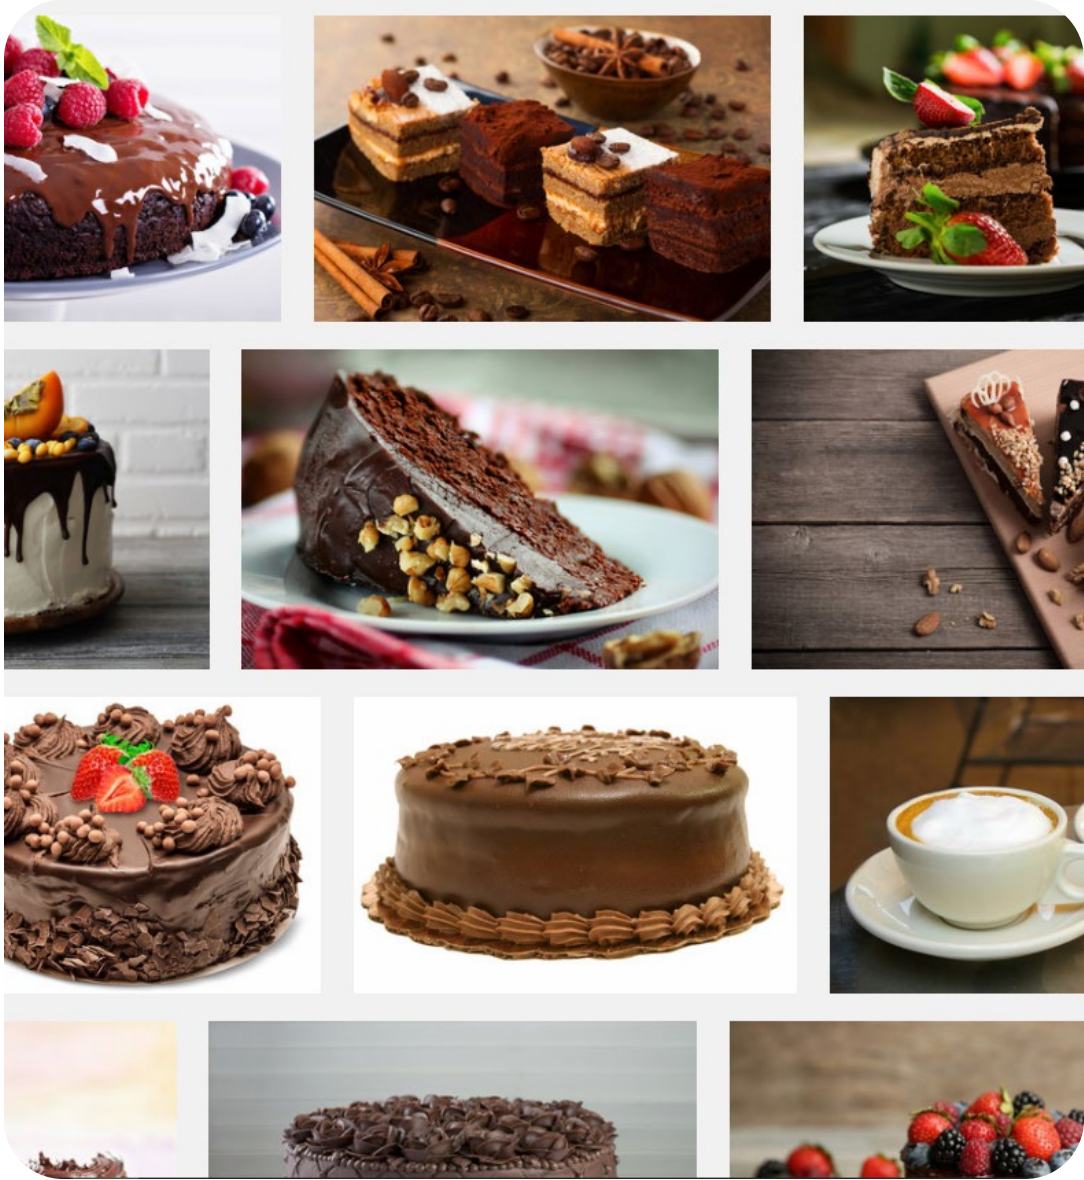

Sponsorship – Charitable donations, venue, people

Sponsorship has allowed us to:

1. Grow our technical capabilities
2. Grant two of four available passes for CISSP examination.
3. Subsidized \$5000.00 in the form of conference passes, allowing persons educational access despite periods of unemployment.

Meet Your 2023 – 2024 Sponsors

Sending speakers – air travel – hotel is just as valuable to us as a cash donation.
We recognize Exelon, Revolution Cyber, On2IT for allowing us access to their leaders.

We had two live conferences + 1 training day

Friday, March 10th, 2023
Reg. 8 AM 9 AM - 5 PM
Venue: Oracle, Pleasanton,
5815 Owens Dr, Pleasanton,
CA 94588

8 AM to 8:50 OTORIO SPONSORED
 Registration and breakfast, Coffee, Juice, Yogurt, Cereal and Noah's Bagels

7:30 to 8:00 PM | Wrap Up & Response 8 CPE certificate requires turning in the feedback form either electronically or on paper.

(ISC)² EAST BAY CHAPTER SPONSOR-HOST RECOGNITION TO ORACLE

Steve Lyszyk

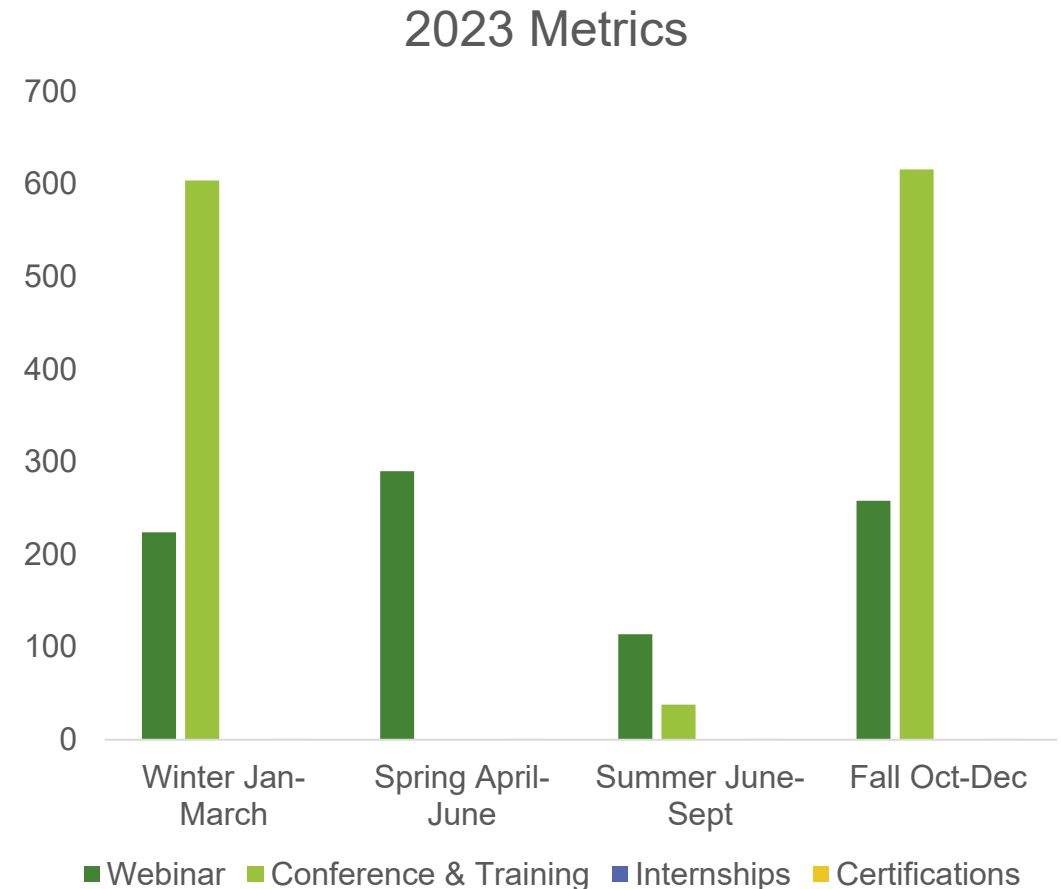

ISC2 East Bay chapter community, thank you for using your Oracle 5815 Owens Drive, Pleasanton, California 94588 facilities and the dedicated planning and support of Oracle's employees. Diane Spangler and Peter Chen

MARCH 10th 2023

Robin Basham
 WITH SINCERE THANKS, Robin Basham (ISC)² East Bay President & Conference Chair
 We thank you for your support and hope you and your team will join us at all future events. Oracle is a Lifetime Platinum member of ISC2 East Bay

Last Year, ISC2 East Bay Chapter offered Two types of CPE Events – Webinar and Live

- Out of 734 members who attended at least (1) event in (3) years, ONLY 243 distinct members attended across the (13) 2023 events. We have now aged out inactive members.
- 123 out of 243 membership in 2023 attendance also have an ISC2 ID. We seek to increase from 51% to 60% during 2024. We will encourage ISC2 exam participation AND prioritize ISC2 or other recognized cybersecurity affiliate certificate holders.
- We noted Local and Non-Local and deprecated non-active and non-cyber members. Out of 589 ACTIVE members, 113 are non-local.
- We held one election and General Meeting and hosted ten technology enabled events (Thank you Director Technology, Craig Porter!)
- Oracle provided their facility for two conferences and one training.
- In total, we enabled just shy of 2400 hours of continuing professional education credit

Goals for ISC2 East Bay Chapter 2024 CPE Events – Webinar and Live

We will increase attendance, intern placements, and meaningful social interactions among our 598 qualified local members:

- We will host seven technology enabled events (14 CPE) – and reach a greater number of attendees by emphasizing to local members and the use of playback sessions.
- We will coordinate five live events, two geared towards executive leadership and three towards interactive and skills-based training
 - Las Positas has commit their facility for two → three training events and one GRC conference.
 - Zeiss has committed their venue for one moderate sized health and cyber specific conference
 - We will organize more social events, leveraging our awareness of the local community.
 - We will organize groups of cohorts to prepare for ISC2 certification examination
 - We will award four or more examination cost-based scholarships
 - We will continue to raise corporate sponsorship
 - We will assist in the placement of interns in East Bay Cybersecurity related places of employment

2024 Target Metrics
(2023 shown as green bars)

Even if you can't make it to the Cyber in Healthtech Conference, we'll have several recorded sessions so everyone can learn from this event.
